ABOUT ME:

A detail oriented, hard working professional with Masters in Computer Application degree, in the quest to work in a real professional atmosphere that enables me to cope up with the emerging as well as the latest technology and which gives me the scope of widening the spectrum of my knowledge.

WORK EXPERIENCE:

Software Development Intern

Codepth , Om Sai Arcade, Bhubaneswar, India [09/2023 - 02/2024]

- Implemented and maintained frontend components for a dating app (HINT), ensuring a seamless and intuitive user experience.
- Collaborated with the design team and backend developers to translate Figma design into responsive and visually appealing interfaces.
- Create interfaces for various features, including real-time chat, user profile creation, and the capability to swipe through other user profiles.
- Participated in code reviews, debugging, and performance optimization tasks.

RELEVANT PROJECTS:

FONGARD - Mobile Defense Partner [12/2023 - Present]

- Developed Fongard, a comprehensive mobile protection platform, offering diverse plans for damage and screen protection, along with extended warranties.
- Utilized Figma for design, React and TailwindCSS for responsive interface development.
- Implemented secure user authentication via Firebase, integrating Firestore for real-time data storage.
- Enhanced functionality with Phonepe gateway for secure payments.
